

Movable Lectern in Oak with Mic, laptop Point, Audio Point Visualiser Point and room with Pull out extension shelve.

All the side walls will have a acoustic plaster board finish. Need to confirm the exact space available with the doors in their folded position.

Complete Removal of all existing Equipment and the complete AV Rear Projector system. New Plaster Walls with Sound Proofing. New AV Room created this create increased room Area and would be ideal for screen projection

AV Room Hides the electric consumer unit and can accommodate the AV Rack and equipment. The VCR will be accessible from the Front
